

Bordeaux

KWPN, Bay, Born 2006 16.3 hands

Dutch Champion Stallion 2009

An absolutely superb outcross pedigree for German breeding with a unique dam line and Grand Prix blood from all sides.

This young stallion provides our breeders with a genuinely rare set of genes from one of the most successful bloodlines in the world. Bordeaux is a direct descendent of Angelo xx's daughter Adone, whose son Rembrandt is a 4 times Olympic gold medal winner with his rider, Nicole Uphoff, and one of the most successful and brilliant dressage horses in the world. Adone is also full sister to Olympic gold medal winner Ahlerich/Dr. Reiner Klimke and Amon, who won team silver at the Barcelona Olympics with Annemarie Sanders-Keijzer. Another full sister, Antine, is the direct dam of the bloodline founder and trademark stallion Rubinstein.

Sire United achieved the highest grade ever awarded at his stallion performance test in Ermelo (9.5 for dressage qualities and 9.5 for trot and canter). His sire Krack C was Anky van Grunsven's Jerez World Championship horse, and with his dam's sire TCN Partout she won multiple Grand Prix classes.

Bordeaux optimally displays his phenomenal genes in wonderfully elastic movements, an excellent walk and a fantastic uphill canter. His dam's sire Gribaldi – Trakehner Stallion of the Year 2008 – is a successful international Grand Prix horse with Edward Gal, and granddam Leandra won St. Georges with Hans Peter Minderhoud.

Bordeaux – that's about as much Grand Prix potential as you'll get!.
