

Hotline

Hanoverian, Dark Bay, Born 2003 16.3 hands

One doesn't come by this kind of stallion very often.

The breath-taking champion of the approvals in Verden impressed the experts at his first public appearances under saddle, celebrating his amazing gaits and seldom experienced rideability. As the undisputed champion at his 70 day test, which he finished with 149,28 points, he was not only awarded highest marks for his temperament but the test riders also confirmed his excellent rideability with the perfect score of 10.0. His sire Hofrat was Reserve Champion at the Trakehner Approvals in Neumünster 2000 and has been successful at Intermediate I. His progeny are excelling in their respective age-groups, putting Hofrat high on the list of the German breeding evaluations with an above average score of 157 points. His grand sire Gribaldi, ridden by Edward Gal, is one of the best stallions in Holland. He produced Painted Black ridden by Anky van Grunsven - her top youngster for the international championships. The dam's sire De Niro offers an equally high-profile breeding record: champions, expensive auction lots and approved stallions. Hotline has top-class blood lines including the Grand Prix horses Wendepunkt and the thoroughbred Busoni xx – sire of the dressage legend Gigolo. Hotline's exceptional dam line produced the licensed stallion Alabaster – sire of Isabell Werth's Grand Prix winner Apache and Atachi W. Hotline's first foals have fulfilled all expectations: long-legged and elegant with the same dancing movement and potential as their father.

Approved in Hanover, Rheinland, Wesphalian and Oldenburg
