

# Incolor

## Oldenburg, Chestnut, born 2000, 17.0 hands

It was actually only logical that Incolor's success would one day bring him a great honour: Full of pride, Zuchthof Klatte presents this son of the world famous C Indoctro who received the "VTV Jumper Stallion of the Year 2008" award.

The best bloodlines found in the pedigrees of international top sires flow through his veins: Capitol, Caletto II and Argentinus have been joined with a highly refined Oldenburg dam line – a sure combination for progress in breeding. His half-brother on his dam's side, Fortinbras, an international athlete, is for example the sire of Liza Minelli, the young horse World Champion. His career began with second place at the Springpferdezuchtverband Oldenburg-International licensing in 2003. As a four year old he triumphed at the Oldenburg State Championships in the class for four year old show jumpers and went on to win tests for young show jumpers with scores up to 8.9, continuing all the way to advanced level classes which he won in series.

Under his trainer Otto Vaske, Incolor has chalked up international placings in advanced level classes such as the warm-up test "Sires of the World" which took place during the World Championships for young show jumpers in Lanaken, Belgium. Toward the end of the season Incolor took second place in the Grand Prix of Oldenburg in the Weser-Ems-Halle and first place in the Grand Prix of Verden.

Licensed for Oldenburg, Mecklenburg, Vorpommern, Rhineland, Westphalia, OSI and all southern German Verbands
