

Quarterback

Berlin-Brandenburg, Chestnut, Born 2003 16.3 hands

A stallion that seems like he could only come from another planet – with his light-footed, brilliant movements and perfect cadence, all eyes become riveted on Quarterback when he appears.

He was the radiant Bundeschampion of three year old riding horses in 2006 with the highest scores for his trot and canter. The outside test riders in Warendorf even gave him the dream score of 10.0. Prior to this test he had won several tests for young riding horses. He was also the winner of his 30-day test with a final score of 9.14 in dressage, an 8.43 for jumping and an overall score of 8.89. And if it is not enough to have unbelievably dynamic movements, he is also blessed with an outstanding type.

His very first crop produced foals that immediately qualified for the German Foal Championships and were accepted to the Elite Auction in Vechta.

Quarterback comes from one of the most successful mare lines of modern day. His dam Passionata is a half-sister of the unforgotten World Champion and double Bundeschampion, Poetin. Her full brothers Samba Hit I to IV put on convincing presentations at the Bundeschampionat – Samba Hit I was also a finalist in the 2006 Nürnberg Burgpokal and the sire of Samba's Diamond who became the Champion Stallion of the licensing in Berlin-Brandenburg and Sachsen-Anhalt that same year. Quarterback's successful advanced (S) level sire Quaterman also participated in several Bundeschampionats and is deemed one of the best sires for passing on good movements in the new German States. The grandsire Quando Quando took 15th place at the World Championships in Aachen in 2006 under Kristy Oatley-Nist.

With a pedigree geared for performance from all sides and from the famous Neustädter P family, all doors are open for Quarterback.

Licensed for Oldenburg, Hanoverian, Berlin-Brandenburg, Westfalen, and Sachsen-Anhalt
