

Rheirattack

Canadian Sport Horse, Dark Bay, Born 1996 17 hands

Member of 2006, 2007, 2008 Canadian National Dressage Team

Rheirattack is a Canadian Sport Horse stallion (CSHA), and recently became the first ever Canadian bred dressage stallion to be approved as a breeding stallion by the Oldenburg Verband, and is the first Canadian bred horse to be listed in the WBFSh dressage rankings. This beautiful, mahogany stallion has completed his first year competing at the Grand Prix level. He was a 3 time Grand Prix Champion in 2007 and finished in 2nd place in the Grand Prix Special at the CNE Classic CDI*** held in Toronto. He was recognized as the CSHA's dressage stallion of the year for 2002, 2004, 2005 and 2006.

Rheirattack is a well balanced, rhythmic and powerful stallion with a gentle temperament. His compact back and his natural ability to collect and carry weight through his hind legs allows him to excel at the most demanding dressage movements such as canter pirouette, passage, and piaffe.

Rheirattack's athletic ability is inherited from a superlative competitive pedigree. His sire, the licensed Westphalian stallion Rhodos, who was imported from Germany, was also listed for the Canadian National Dressage Team and competed at the Advanced levels until he was 19. His grand sire, Roderich, produced the German high jump record holder who cleared 2.14 metres (7 feet). His great grand sire is the foundation stallion Ramzes who founded the famous "R" line which has produced such legends as Ramiro, Remus, Rubinstein, Romadour, and Rembrandt. His dam, Atrix Aquavit, has produced 7 successful dressage horses including two that competed at Grand Prix. Her grand sire, Absatz, sired 40 approved stallions including Aktuell, the most influential dressage stallion from Absatz, and jumping stallions such as Argentan, Akzent I and II, Admiral, Argentinus, and World Cup Gold Medal winner Aramis. Perhaps more influential is the impact of Absatz through the dam lines of numerous world class sport horses including Weltmeyer and De Niro.

Rheirattack will continue training and competing at the Grand Prix level in Canada and the United States in 2008.
