## Oldenburg, Black, Born 2004 16.2 hands

Unbelievable elegance radiates from this high gloss black stallion with optimal elasticity. At the Oldenburg licensing in Vechta, his appearances were always characterized by a superior harmony. When it comes to canter and walk, he's in a class of his own. Generous riding horse lines and very much a stallion, his pedigree seems like out of a fairy tale – and with his dark coat, he's one of Oldenburg's most striking young stallions!

There's also no denying his great grandsire, Rubinstein! The first off-spring by his sire, Sandro Hit, meanwhile collect ribbons in S-level dressage tests all the way up to Grand Prix, proving their sire's potential for performance.

The dam, St.Pr.St. Herzdame, has the same combination of bloodlines (Don Gregory x Rubinstein) as the spectacular Champion Stallion and dressage World Champion, Don Davidoff. The mare line of the Hessenstein/Trakehner daughter, Heide, often produced exceptional horses, e.g. two top auction horses, Floral Dance by Furioso II (a full brother of the great granddam) and Stradivari, but also high class premium mares, dressage horses and jumpers as well.

**Licensed for Oldenburg, Westphalia and Rhineland as well as all southern German and new German State Verbands.**
